

ADAM

I am Adam. I lived in the Garden of Eden with Eve where I could walk and talk with God and where I had everything I could need. But we ate the fruit that the Lord had told us was forbidden and had to leave His presence. That made us so sad. But when he sent us away, he promised to send His Son to atone for our sins. He could undo our mistake if we would keep His commandments and follow a covenant path to return to Him someday. You can follow that same covenant path by keeping the commandments, being baptized, and following the prophet. Will you promise this month to obey the commandments and come to Church each Sunday to learn how to return to your Heavenly Father?
